

A close-up, profile view of a man with a beard and mustache, wearing a blue baseball cap and a blue t-shirt. He is smiling and looking down and to the right. The background is a soft, out-of-focus outdoor scene.

SUVODA

Trial wisely

Expedite Your Excursion Management

Manage the status of temperature-sensitive medicines in IRT to decrease processing times and reduce error.

Workflow Efficiency
Increased site productivity
with streamlined solution

Decreased Risk
Reduced likelihood of manual error

Increased Safety
Mitigation of safety and efficacy concerns

We offer automated solutions that enable users to easily track the status of drugs during shipment and at sites

LEARN MORE

Visit suvoda.com to learn more about our temperature excursion management solutions.

CUSTOMIZE CRITERIA

Set minimum and maximum temperature thresholds, time limits, and windows for excursion events. Create and update these criteria at any time.

STREAMLINE REVIEW

Register temperature data to drug kit IDs and automatically update the status of drug units in the system in real time.

IMPROVE VISIBILITY

Set up custom notifications to alert study and site teams automatically when excursions occur. Generate blinded and unblinded reports for compliance and safety.

AUTOMATED LOGGER INTEGRATION

Suvoda integrates with temperature data loggers, temperature monitoring software, and depot distribution solutions to provide sites with more seamless workflows.

HOW IT WORKS
